

Minutes of the Parish Council Meeting held at St John the Baptist Church on Monday 9th April 2018 at 7.30pm

Present Cllrs. C Rudd (Chair), E Packett (Vice Chair),
A Cheesman, S Jerrard, D Rudd
Clerk to the Council: Mrs Jane Ives

County Councillor Russell Oppenheimer
District Councillor Keith Budden
Cllr Roger Hargreaves, Liss Parish Council
13 members of the public were also present

1. **Chairman's Announcements** – The Chairman welcomed members of the public to the meeting, pointed out the fire exits, asked members of the public to turn off their mobile phones and requested that members of the public sign in. The Chairman also explained public question time and requested that when members of the public speak to please confirm their name and to address all comments to the Chairman. It was also confirmed that the meeting was being recorded.

2. **Apologies for Absence** – Cllr Andrew Crick

3. **Declarations of Interest** – Cllr D Rudd declared a pecuniary interest in item 18, planning application for 12 Wolfmere Lane.

4. **Public Question Time - Standing Orders were suspended for 15 minutes to allow public questions.**
A member of the public raised an issue with flooding ditches in Church Lane on the right hand side of the road. The Clerk to write to the landowner once members of the public have confirmed the name of the landowner. **Action Clerk**

A member of the public highlighted a litter issue at the Greatham end of Liss Forest Road. This information will be passed to Cllr Crick who is arranging a litter pick. **Action Clerk/Cllr Crick**

A member of the public asked about an application for the vacant Coryton Alms House. His details were passed to the Clerk who will contact Henry Adams in Petersfield to check they have his name. **Action Clerk**

5. **Minutes of the Parish Council Meeting on Monday 5th March 2018**

The minutes were approved as a true record of the meeting.
Proposed: Cllr Cheesman. Seconded: Cllr Jerrard. All in favour.
The minutes were signed and dated by the Chairman.

6. **Matters arising from the Parish Council Meeting on Monday 5th March 2018**

There were no matters arising.

7. **Presentation from Cllr Hargreaves, Liss Neighbourhood Development Plan**

Cllr Hargreaves introduced himself and said that he has been on Liss Parish Council since 2014, and Chair since last year. He has been involved with the NDP since 2015. Cllr Hargreaves provided the Council with advice about doing a NDP and said that it should not be undertaken lightly, and the reasons for doing it should be clear as there may be other ways of achieving the aims.
The Liss NDP started in April 2014 and was made in December 2017 with the writing of the draft plan taking 1 year to complete.

Cllr Hargreaves advised that the role of Chair of the NDP is key and Liss appointed 3 Parish Councillors to the Steering Group with the rest of the members being drawn from the community. Most of the work was done by the working groups (ie housing, landscape) and they reported to the Steering Group who were not a committee but made the major decisions which all had to be ratified by the Council. Much of the work of the Steering Group was carried out by email rather than lots of meetings. The Parish Council were the arbiter but allowed the Steering Group to get on with the project without interference other than being responsible for ratifying the major decisions.

Other than the Chair of the NDP, a Project Manager is essential and in Liss, Cllr Hargreaves fulfilled this role as his background is a Town Planner so he has the necessary skills. These skills can be bought in but may be expensive. Administrative support is also essential. Professional advice is necessary for the planning legislative requirements but Liss parish Council chose to do this only on two particular development sites.

One of the biggest obstacles is maintaining momentum especially once the plan is drafted and it has to go through the consultation stages.

The Steering Group worked closely with the South Downs National Park Authority (SDNPA) who are very reliant on NDPs to deliver plans to the area. However there are now many NDPs being drawn up so the SDNPA probably have less officer time they can commit.

Cllr Hargreaves advised that even with a NDP in place there can still be difficulties with planning applications. They currently have an issue at Andlers Ash Road which is in the NDP but the SDNPA are currently recommending refusal.

Liss NDP needed to find sites for 150 houses allocated to them. The community also felt very strongly about a number of issues other than just housing, such as services, traffic, drainage and flooding. But a NDP is a land use plan and therefore some of these other issues could not be put into the final plan.

A lot of material was drawn from the existing Parish Plan and Village Design Statement and the NDP built on this work. The community content contained within the NDP is only advisory as there is no legislative requirement for this. For example, the village centre was difficult and costly to deal with and therefore it was left out to be revisited perhaps later.

The housing strategy was to have smaller developments rather than one large development. Affordable housing was also a requirement of the community. 19 potential sites were brought forward, with 5 going into the NDP.

Cllr Hargreaves advised that a coherent strategy is needed with public support as this will be challenged by developers and the planning authority. Consultation is a large part of this and Liss achieved this through the following:- working parties, public forums, exhibitions, newsletter, email list, press, banners, school projects, talking to people out and about in the community. This was all very resource intensive in terms of people. Everything must also be recorded for evidence. Any conflicting views in the community needed to be worked through to find a resolution.

Liss NDP cost about £20,000 in part funded by grants and the SDNPA. Greatham would probably be less expensive as it is smaller. The benefit is that CIL contributions would increase from 15% to 25% with a NDP in place but you must have a policy on how to spend it.

Cllr Hargreaves suggested not reinventing the wheel but using other NDP policies that are widely available rather than writing new ones from scratch. This will save time and money.

A number of questions were raised by Councillors and members of the public and the following answers were given. Cllr Hargreaves stressed that the answers were his personal opinion.

- The review point for all Local Plans is now 5 years.
- There is currently only one housing site in the SDNPA Local Plan up to 2028 and this is likely to come forward before a NDP is made. Therefore the Council needs to ask why it would be doing a NDP if not for housing. If the Local Plan is the target then focus on that as a NDP won't help.
- Land use is the main reason for doing a NDP and Greatham could add areas as designation as Local Green Spaces to protect them from future development.

- Even though a NDP can't deliver community benefits as such, in Liss it certainly reinvigorated the thinking behind the Parish Plan and there is now a list of things that the Parish Council would like to bring forward.
- There are other forms of local community plans that Greatham could consider before a NDP as that is very much about land usage and there is no current allocation other than the nursery site for housing.
- The Council could argue that any CIL money generated from development at the Longmoor Road MOD site could partly come to Greatham due to its close proximity to the parish boundary.

Cllr C Rudd thanked Cllr Hargreaves for attending and for his invaluable advice.

The updated Action Log is attached to the minutes at Appendix 1.

Cllr Packett reported that a previous action to add him as a signatory had not been completed as the bank had queried the paperwork and he did not wish to resubmit his application.

- 9. Report of District Councillor** – Cllr Keith Budden was very pleased to report the grant of £550 towards repairs at the Old Church and advised that a further explanation for the new financial year was expected.

The Local Government Boundary Commission consultation was complete and Greatham has been placed into the Whitehill and Hogmoor ward and will after 2019 be served by two District Councillors.

South Western Railways public consultation has completed with train services from Liss to London being increased to 2 per hour from Monday-Saturday and 1 per hour on Sunday. The new draft timetable will be published towards the end of the year and he is waiting confirmation about improved timings for children attending Bohunt School in Liphook. The first train in the morning to London should now be 9.15am.

Stagecoach number 38 bus will continue as it until April 2019.

Cllr Budden answered a number of questions from Councillors and members of the public:

- No news on High View at present as the situation is being monitored following court action.
- The eco bus is not currently being funded as Bordon is no longer an eco town but a healthy town so the funding was withdrawn. Cllr Budden is hoping that once demand increases when houses are built this may change and there may be funding available through CIL.
- A question was raised about the safety of Liss Forest Road, the white lines have not been reinstated and traffic calming is needed. Cllr Jerrard said that she had previously requested traffic lights. Cllr Oppenheimer said that the only way any improvements could be done is through the Community Funded Initiative and this would be down to Liss Parish Council. Cllr Packett also said the road to the Ham Barn roundabout was unsafe and Cllr Budden will talk to the Council about this at a later date.

10. Report of County Councillor – Cllr Russell Oppenheimer gave his report which is attached to the minutes at Appendix 2.

Additionally, Cllr Oppenheimer said that after 2019 he would have 11 District Councillors under the new boundary arrangements rather than the existing 7.

He also advised that a consultation under the Community Funded Initiative was free but a fully costed consultation would cost £220.

11. Reports from representatives of Organisations, Outside Bodies, Working Parties and Groups.

- a) Playground** – Cllr Cheesman & Cllr Crick have discussed ideas for maintenance at the playground and will continue to progress. The Clerk to arrange the annual playground inspection in May. **Action Clerk**

Appendix 2: Report from County Councillor Russell Oppenheimer

1. Signage for 30mph zone

I was asked to look into the possibility of improved signage for the 30mph zone. Improved traffic signs and road markings are included in the community funded initiative and, if Greatham Parish Council are interested in progressing a CFI scheme, the County Council's TM team would be happy to work with them. SLOW markings could be provided via the CFI, but should be used alongside traffic signs to emphasise the message being given to motorists – for example, alongside a bend warning sign on the approach to a potentially hazardous bend. Ian Janes commented:

“With regard to 30mph signing, repeater signs are provided where a 30mph speed limit exists by virtue of a traffic order. In terms of their size and positioning, repeater signs are typically provided to the minimum standards stipulated in the nationally applied guidance. This approach ensures that speed limits are enforceable and reduces sign clutter, but means that there is often scope for improving repeater signing – for example, larger repeater signs can be provided or the repeater signs can be doubled up with signs opposite each other in the nearside and offside verges. Also, speed limit road markings can be provided alongside the repeater signs.”

If the Parish Council has the time, I do see a benefit in commencing a consultation and getting a quotation for the works, which would be achievable without committing substantial funding to the project.

2. Weather damage to roads.

It is recognised that the recent snow and ice have inflicted damage on many roads in Hampshire. There are still potholes arising. The process of fixing the roads is ongoing.

On 26 March the Transport Secretary Chris Grayling announced a £100million fund to help councils fix the roads. Hampshire County Council has been allocated around £3million from this national fund.

We welcome the news that the Government has recognised the damage caused to local roads by the recent severe weather. However, with our budgets already under pressure, we estimate we would need around three times as much as we have been allocated to restore the roads to the condition they were in before the snow and ice.

Potholes can be reported direct to Hampshire County Council at:
www.hants.gov.uk/transport/roadmaintenance/roadproblems

3. Update on BOATs Campaign

A roundtable meeting of all relevant politicians and officers has been set up for 31 May 2018 in Winchester. I am hoping that we will get agreement to a pilot scheme involving SDNPA and HCC officers.

The House of Lords Select Committee on Natural Environment and Rural Communities Act (2006) published a report on 22 March 2018, having taken evidence from Green Lanes groups as well as motorists and trail riders. It seems to me that they have come down on the side of the Green Laners, which is helpful of them. Their conclusions include the following:

315. We believe that TROs need to be used more widely and more flexibly to address some of the evident ongoing problems on green lanes. It is clear that some of the requirements associated with making a TRO are onerous, unnecessary and, in some cases, outdated.³⁶⁵ The case for reform is clear.

317. The Government should take steps to simplify the process for—and thus reduce the costs of—establishing Traffic Regulation Orders, with the aim of securing better value, greater flexibility and applicability in the use of TROs to manage problems resulting from ‘green-laning’. This might include provision for more selective closures, reduction in bureaucracy in the application process and reduced, updated, advertising requirements.

4. New Member being recruited for SDNPA

The Secretary of State for the Environment is recruiting one new Member to join the South Downs National Park’s governing body. Applicants have until 12:00 PM on Wednesday 11 April to apply for the role at the UK’s newest National Park, who will be appointed following national, open competition.

Successful applicants will take a strategic role in shaping the future of the South Downs National Park Authority (SDNPA).

RUSSELL OPPENHEIMER
County Councillor for Petersfield Hangers
