Additional concerns were raised by members of the public in attendance generally about this stretch of road. The Clerk to write to Hampshire Highways regarding the following:

- Speed limit changes from 30mph to 60mph to 30mph over a short stretch of road
- Filter lane is needed at the Ham Barn roundabout for traffic wanting to head north on the A3 entering from Selborne Road
- Walkers using footpath 14 have to cross Selborne Road at a dangerous point so a sign warning motorists of pedestrians should be requested **Action Clerk**

A member of the public raised concerns about 2 dumped cars in Wolfmere Lane. These have already been reported to District Councillor Keith Budden but he requested a photograph so that legal services at EHDC can deal with this. **Action Cllr Cheesman**

**8. Report from District Councillor**

Cllr Budden reported that he had been elected as Vice Chair of East Hampshire District Council and should he be re-elected in future then he would likely be elected as Chair. He outlined that EHDC Cabinet has been slimmed down with each senior manager now reporting to only one councillor. EHDC are keen to bring fresh blood into Cabinet and have recently appointed Ben Bentley – the youngest EHDC councillor – to join the Cabinet. Cllr Adam Carew is no longer on the Cabinet. Cllr Budden is now also Chair of the Petersfield and surrounds Community Forum.

He also outlined EHDC’s offer of more practical help to local voluntary groups and parish councils. This may be in the form of practical help ie help with audit rather than financial help. All EHDC employees are now being given 2 days a year to volunteer in the community so residents/parish council should notify EHDC if there are any projects that they could work on. SSE have a similar scheme that can also be used.

**9. Report from County Councillor**

Cllr Oppenheimer was not in attendance but had submitted his report (Appendix 2). Cllr Budden commented on the review of 20mph zones and said that it has gone to Cabinet for a decision.

He additionally said that the SDNPA Local Plan has been submitted and the public consultation dates should be announced soon. He encouraged parish councillors to attend for as many days as they can. Cllr Rook asked about the Hampshire 2050 survey and whether the link could be added to the parish council website.

**Action Clerk**

Cllr C Rudd/Cllr Rook would also arrange to have a PC available with the survey at the next coffee morning in the church.

**Action Cllrs C Rudd & Rook**

A member of the public asked about a potential flyover at the Ham Barn roundabout and Cllr Budden felt that this was a long way off and there were no current discussions that he was aware of.

**10. Diversion of footpath at Deal Farm**

It was resolved that the Council would provide a letter of support to Hampshire County Council regarding an application by the owners of Deal Farm to divert the public footpath adjoining their property. The new location provided better views, a wider footpath and came out onto a wider part of Petersfield Road. L’Abri and Hampshire County Council Countryside Services are supportive of the proposal.

## Appendix 2: County Councillor Report 4<sup>th</sup> June 2018

### 1. Hampshire County Council AGM

At the County Council AGM on Friday 18 May 2018, Cllr Roy Perry was re-elected leader of the Council for another year. Cllr Elaine Still has become the first woman to serve as Chairman of the County Council for over five years.

I was appointed Chairman of the Economy, Transport and Environment Select Committee. Time will tell whether this role affords me greater clout when it comes to getting potholes and other highways issues addressed in Petersfield Hangers Division...

I am hoping that it will!

### 2. Report on pilot 20mph Zones

Since 2012, Hampshire County Council has implemented pilot 20mph zones in 14 locations. All these locations have been carefully monitored. The findings of the pilot programme have now been published and the report is available at this link:

<http://democracy.hants.gov.uk/documents/s19304/Report.pdf>

The results are surprising in many respects. In a nutshell, the 20mph zones have not led to a meaningful reduction in speed levels or in the number of accidents. We do have to respect the evidence when formulating policy and this was certainly a thorough and comprehensive evaluation. The results also chime with findings from elsewhere and with the national policy direction. For this reason HCC will not in future be creating new 20mph zones unless there is a clear need for them due to the number of serious accidents in a specific location.

### 3. Call for evidence for "Hampshire 2050" Commission

A cross-party Hampshire 2050 Commission of Inquiry is being set up to consider evidence and key issues and then make suggestions on a Vision for Hampshire 2050. This Vision will guide and contribute to the future prosperity, quality of life, and protection and enhancement of the character and environment of Hampshire.

The Commission will provide the framework for future plans, strategies and ways of working. The Commission will consider the themes in six separate hearings:

- |                                       |                      |
|---------------------------------------|----------------------|
| ➤ Demographic and societal challenges | – 8th June 2018      |
| ➤ Economy                             | – 13th July 2018     |
| ➤ Work, skills and lifestyle          | – 24th August 2018   |
| ➤ Environment and quality of place    | – 12th October 2018  |
| ➤ Mobility, Connectivity and Energy   | – 23rd November 2018 |
| ➤ Rural Hampshire                     | – 21st December 2018 |

A call for evidence has been issued and you can have your say by taking part in an online survey at this link:

### 4. New Secretary of State prioritises housing and also refers to devolution

On 30 April James Brokenshire MP was appointed Secretary of State for Housing, Communities and Local Government. It is clear from his early comments that housing is going to be his principal focus. The Government has already stated that it wishes to see 300,000 new homes built every year. (In

2016-17 the annual new homes figure stood at 216,750 which was a 15% improvement on the previous year.) The Government consultation on the new National Planning Policy Framework (NPPF) ended in May and is likely to be followed by the publication of the new NPPF in the Summer.

James Brokenshire has also given a clear steer on local government reorganisation in his first interview with the Local Government Chronicle since being appointed. On 2 May Mr Brokenshire said: "There is a clear space and scope for unitary authorities. Obviously it is seeing where there is a need for that and yes, there are proposals on the table that my predecessor had been considering and I will now be looking at."

#### 5. National Parks Review

The Government review of National Parks and Areas of Outstanding Natural Beauty has commenced, with Julian Glover appointed to Chair the Review Panel. Mr Glover is Associate Editor at the London Evening Standard and a former Government Special Adviser. The scope of the review is very wide-ranging. The Terms of Reference are as follows:

"In the context of meeting both local and national priorities and wider environmental governance, the review will examine and make recommendations on:

- the existing statutory purposes for National Parks and AONBs and how effectively they are being met;
- the alignment of these purposes with the goals set out in the 25-Year Plan for the Environment;
- the case for extension or creation of new designated areas;
- how to improve individual and collective governance of National Parks and AONBs, and how that governance interacts with other national assets;
- the financing of National Parks and AONBs;
- how to enhance the environment and biodiversity in existing designations;
- how to build on the existing eight-point plan for National Parks and to connect more people with the natural environment from all sections of society and improve health and wellbeing;
- how well National Parks and AONBs support communities."

The review will report in 2019 on the 70th Anniversary of the 1949 National Parks and Access to the Countryside Act.

Clerk to the Council

#### Appendix 4: Internal Audit Report Action Plan 4<sup>th</sup> June 2018

Control area	Issue	Recommendation Action	Action Plan GPC
Staff changes	It is good practice to clearly minute all changes in staffing, even the use of a locum, so that the identity of the proper officer is clear at every meeting ( <i>also raised last year</i> ).	Please ensure that all changes are properly recorded from now on. Please ensure that the employment terms of the clerk are clearly minuted on an annual basis.	Staffing Committee has now been set up and this should make recommendations to council. These should be brought to an exempt session of the council as they are confidential. The terms of the clerk's employment, hours, salary and any benefits will be minuted from now on. July 2018 council meeting will have an exempt session to do this.
GDPR	It appears that the council has used a privately run email list (Greatham Voice) to communicate with electors. It is unlikely that this list is being managed in accordance with the GDPR.	All communication with electors should be via the website, social media, newsletters or the noticeboards.	This came from Old Church minutes but in fact the list was not used. The Old Church committee understand that any data held belongs to the council and is subject to the GDPR. The Clerk will hold all data of individuals (ie Friends of the Old Church) in future and instruct the committee how to handle data.
Old Church expenditure	It appears that all of the expenses of running the building are put through the main Parish bank account, while sundry donations towards this Parish Council asset are paid into a separate account.	The council should have one current account to handle all of its activities. Donations towards the church are significantly less than its running costs – this should be reflected in the Parish cash books.	Add a line to the cash book for income and expenditure to show these transactions for the Old Church so that they can be identified easily. Close the second deposit account which currently holds some of the council reserves and transfer the balance to the deposit account.
Reserves	The reserves of the council are significantly higher than the best practice. For a council the size of GPC, 6-9 months of revenue expenditure is appropriate ( <i>also raised last two years</i> ).	The council should bring forward projects to use the reserves for the benefit of the community.	Reserves are currently approximately £30k and the auditor is suggesting they should be around £11k at most. Spend due to take place of S106 monies so council could agree to fund from reserves whatever project is agreed.
